COLONEL STEPHEN H. REGNER

Colonel Stephen H. Regner is commander of the 62d Medical Group, McChord Air Force Base, Washington. He is responsible for providing quality health care to a beneficiary population of more than 38,000 active duty, retired and dependent personnel. He ensures maximum wartime readiness and medical support of worldwide combat and humanitarian contingencies. The group serves as the primary care portal of entry to the Madigan Army Medical Center specialty and inpatient care systems. He also serves on the Executive Committee of the Puget Sound Federal Health Council.

He began his military career with the United States Army in 1971 and received a direct commission to the Air Force Medical Service Corps in 1977. Colonel Regner is board certified in Healthcare Management through the American College of Healthcare Executives.
